## Building on What You Already Do, Every Single Day!

At Edith Kerrison, we know that the most powerful learning happens everywhere – especially at home! We're thrilled to launch our new Home Learning Project, designed to support and empower you to enhance your child's learning and development through the simple, joyful moments of everyday life.

## What's This Project All About?

This project is a fantastic opportunity to:

- **Build on Your Strengths:** Discover how the wonderful things you already do with your child can become powerful learning opportunities.
- **Talk & Play Your Way to Learning:** Explore practical ideas, simple strategies, and easy-to-use resources that make learning fun through talking and playing.
- **Focus on Everyday Magic:** We'll focus on key areas that make a huge difference:
  - Talking Together: Boosting vocabulary and communication skills.
  - Singing & Rhyming: Developing language and rhythm.
  - Sharing Books: Fostering a love for reading and stories.
  - Playing Together: Encouraging creativity, problem-solving, and social skills.
- **Share & Discover:** Our practitioners and fellow families will share their best ideas and simple, low-cost activities that seamlessly fit into your daily routine.

## How Can You Get Involved?

We're creating a flexible and welcoming environment for everyone:

- **Universal & Targeted Sessions:** Join us for sessions designed for all, or more focused sessions to meet specific needs.
  - **Parents & Children Together:** Many sessions will be designed for you and your child to participate and learn side-by-side.
  - **Small Group & Drop-In Sessions:** Choose what works best for your family – intimate small groups or flexible drop-in times.
- 

## A Space for You!

**All are welcome!** Beyond the practical tips, this project offers a warm, supportive space where you can:

- **Relax and connect** with other parents.
  - **Share experiences** and realise you're not alone.
  - **Feel more confident and positive** about your child's learning journey.
-
